

- 14 When working hold the tool firmly and stand firmly on both feet.
- 15 Only use compressed air for cleaning down equipment with extreme caution. Use eye protection and ear defenders.
- 16 **DO NOT** use compressed air to clean yourself and **DO NOT** direct it at another person.
- 17 **CHECK** that air pressure is released from the hose before disconnecting any coupling.
- 18 Disconnect the tool from the air supply when leaving the tool unattended or when work is completed.
- 19 Vibration from the tool can cause '**VIBRATION WHITE FINGER**' and eventually other damage to hands and arms. Keep your hands warm at all times. Gloves can reduce vibration. If your hand starts to feel numb, stop work and exercise your fingers to restore circulation. Limit your time using the tool as much as possible.
- 20 **DO NOT** attempt repairs. Contact the Hire Company.
